

LK-T01-WiFi Touch Fingerprint Access Control

Smart Access Control | IP68 Waterproof | Tuya-Enabled

Product Overview

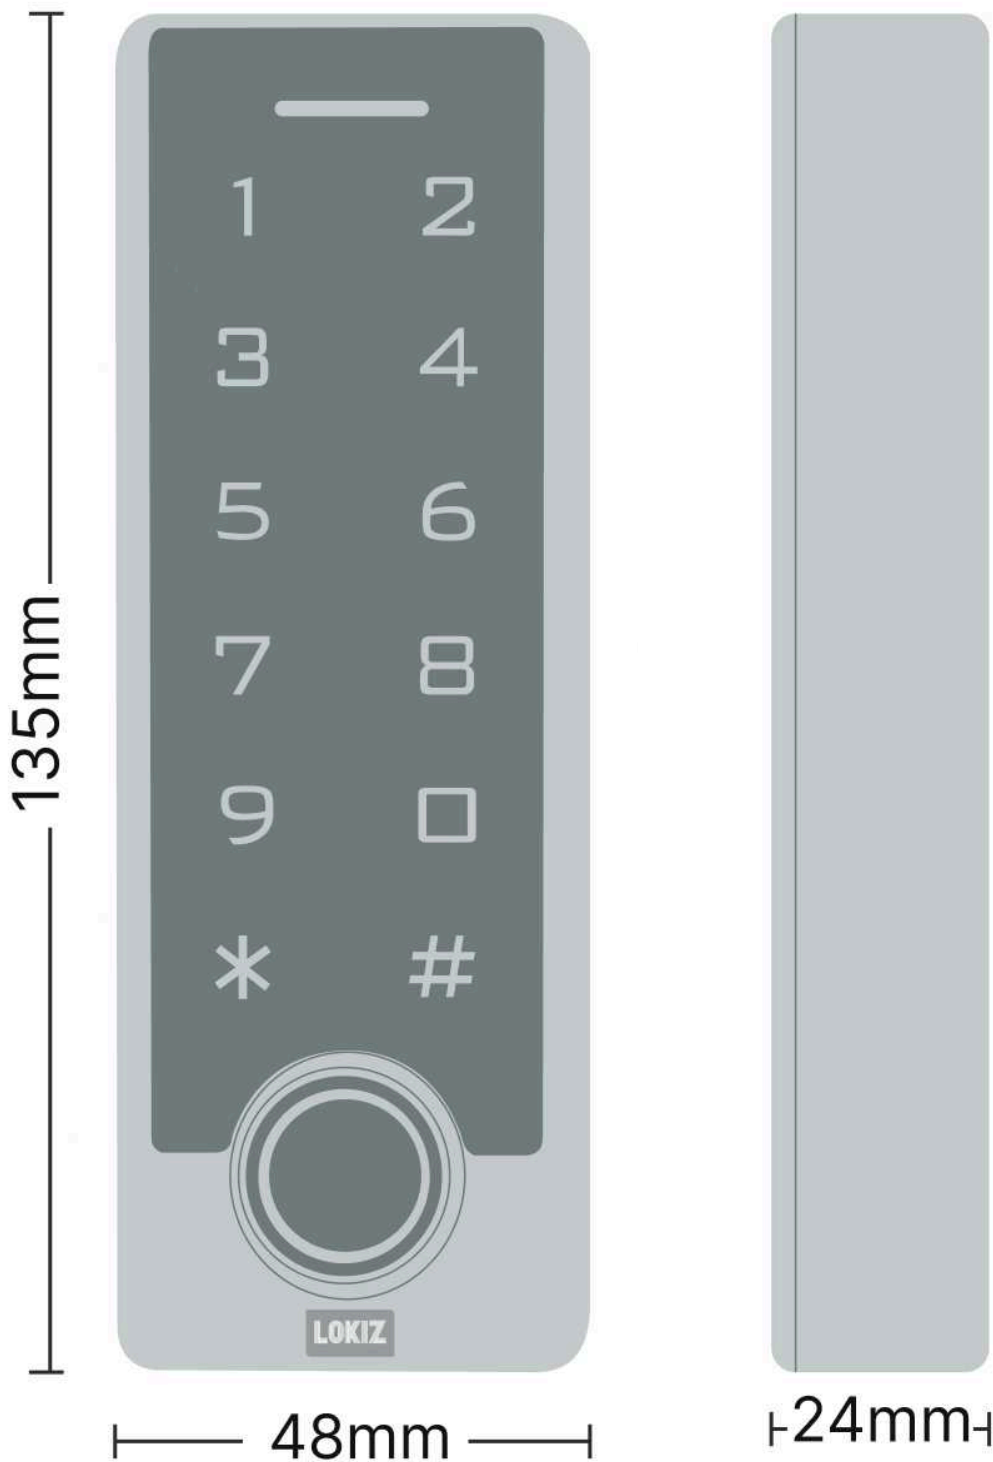

Elevate your security with the LK-T01-WiFi , a smart access control system featuring a high-precision fingerprint sensor and Tuya-enabled functionality for remote management. Supporting 10,000 card/code users and 300 fingerprints , it offers multiple access methods including card, code, and mobile app . With an IP68 waterproof rating and durable metal case, this system is designed for glass, wooden, fireproof, sliding, and metal doors in various environments. Ideal for offices, residential buildings, and commercial spaces, the LK-T01-WiFi ensures robust security, seamless integration, and smart control with advanced features like remote unlocking.

Key Features

- High User Capacity : Supports 10,000 card/code users and 300 fingerprints.
- Tuya-Enabled Smart Control : Enables remote unlocking, temporary codes, and user management.
- IP68 Waterproof Rating : Ensures reliable performance in extreme conditions.
- Durable Metal Construction : Built for long- term reliability and rugged use.
- Multiple Access Methods : Card, code, card+code, and mobile app for flexible access.
- Easy Installation & Operation : Simplifies setup with versatile working modes for access control.

Card Type	125KHz ID Card	13.56MHz IC Card
Reading distance	2-5cm	3-6cm
Power supply	DC 12-24V	
Material	Zinc Alloy	
Standby current	≤35mA	
User capacity	10,000 users , Fingerprint: 256	
Waterproof grade	IP68	
Door open options	Fingerprint, Card, PIN, Card + PIN	

PREMIUM QUALITY SECURITY
